- *The University does not guarantee that the student can enroll in the chosen subjects if there is a limitation of the number of places available, for academic reasons or due to COVID safety distances in the classroom. In the event that the student cannot enroll in some of the subjects chosen, once they have arrived at the CEU San Pablo University, the Academic Coordinator of International Relations of the Faculty will advise them to look for alternative subjects and modify their enrollment.*
- *Other observations to take into account:*
 - *The subject “Estructura y Mercados Internacionales” (Structure and International Markets), from the Business Management degree, with code 13269, has the identical course program as the subject “Economía y Mercados Internacionales” (Economy and International Markets), from the Economics degree, code 13385. **The student can only enroll in one of these two subjects.***
 - *The subject “Teoría Macroeconómica y Monetaria” (Macroeconomic and Monetary Theory), from the Business Management degree, with code 13271, has the identical course program as the subject “Macroeconomía I” (Macroeconomics I), from the Economics degree, code 13386. **The student can only enroll in one of these two subjects.***
 - *The subject “Matemáticas II” (Mathematics II), from the Business management degree, with code 13266, has the identical course program as the subject “Matemáticas para la Economía II” (Mathematics for Economics II), from the Economics degree, code 13380. **The student can only enroll in one of these two subjects.***
 - *The subject “Financiación Empresarial” (Business Finance), from the Business management degree, with code 13279, has the identical course program as the subject “Cálculo Financiero” (Financial Operations), from the Economics degree, code 13395. **The student can only enroll in one of these two subjects.***
 - *The subject “Política Económica II” (Economic Policy II), from the Economics degree, with code 13397, has the identical course program as the subject “Política Económica Internacional” (International Economic Policy), from the Economics degree, with code 13409. **The student can only enroll in one of these two subjects.***
 - *The subject “Macroeconomía II” (Macroeconomics II), from the Economics degree, with code 13407, has the identical course program as the subject “Macroeconomía Internacional” (International Macroeconomics), from the Economics degree, with code 13412. **The student can only enroll in one of these two subjects.***
